CAPABILITIES STATEMENT

Sunvek specializes in coated roof systems, spray foam roof systems, and spray foam insulation.

We install **cool roofs** and **reduce urban heat islands** with products that have been tested by the Cool Roof Rating Council and meet LEED Solar Reflectance Index recommendations. We offer **high quality spray foam** installation and are the only Spray Polyurethane Foam Alliance **certified installers** in Spokane.

Sunvek is a women-owned family business serving the greater Spokane area since 2013.

CORE COMPETENCIES

- Roof Restoration with Coatings
- Hybrid Spray Foam Roof Systems
- Spray Foam Insulation
- Coated Walk Decks

PAST PERFORMANCE

Moses Lake School District

Clients since 2021

Frontier Middle School

TPO Restoration. Pressured washed and patched 4 roofs then re-coated with 98% solids liquid silicone coating.

Moses Lake High School

Spray Foam Hybrid Roof. Pressure washed the roof and applied 1.5" of closed cell foam. Coated the foam with 98% solids liquid silicone coating.

Merkle Standard

Clients Since 2023

Ponderay Paper Mill Roof 4

Hybrid Spray Foam Roof. Removed 45 tons of ballast and 17.5 tons of pavers, applied 1.5" closed cell spray foam and applied 98% solids liquid silicone coating.

NW Christian Schools

Clients since 2021

Upper Campus

TPO Restoration. Pressure washed multiple roofs and applied 98% solids liquid silicone coating.

North Campus

TPO Restoration with silicone coating.

TESTIMONIALS

Dan Gilbert, Maintenance Manager with Northwest Christian Schools

"I had thousands of square feet of roofing that were in need of repair or replacement, and the quotes I had received were so far out of reach, that I assumed we would just continue fixing and band-aiding problems as they arose.

I contacted John and he came out and we walked the areas. He pointed out the good, the bad, and the ugly, and gave me an estimate to fix only what we needed. I even tried to get him to "fix" the roof on one building and he wouldn't, he said give it 3-5 more years and he would come look at it then. The cost was reasonable, and affordable, the work was second to none, and the finished product is amazing. We have gone through numerous freeze thaw cycles, and a lot of rain, with only one call back, from one leak, that they were able to repair, and we have had no issues since.

Since the original job, I have had him back for a couple other smaller projects, and the **quality of work is always amazing**. John and his crew are **honest, hardworking, polite, personable, and concerned the job is done right and safely**.

Sunvek will be my first call for all my roofing and, if need be, spray foam insulation needs."

Josh Walters, Owner, WF Contracting

"John and his team insulated my basement with the spray in foam. It made an immediate and drastic difference! They were very professional and did a great job cleaning up after the project. Sunvek Roofing has also provided roofing services for our customers. They are extremely reliable and great to work with. I highly recommend John and Ben!"
